KEY FEATURES

ECO-Powr™ motor uses 32% less energy than traditional motors while still delivering 5.0 hp of performance, saving facility owners up to \$3,000 on annual electricity bills.

15.4" entertainment-ready LCD display with multi-source inputs

MyFlex™ deck cushioning system delivers proportional cushioning effects regardless of user weight and is so durable it has a lifetime warranty.

Large 22" x 62" belt provides ample running space and is constructed from carbon-weave, low friction material that is resistant to static build-up

LIFETIME WARRANTY on motor, frame and cushioning system

The T680 features a state-of-the-art 15.4" LCD display that can feature full screen workout data, full screen entertainment or split screen entertainment/data. Multi-source inputs allow for an array of entertainment options.
